

## **Concert Dreams**

Outside the venue, the fans are waiting  
And waiting to go inside.  
Outside the venue, voicing are singing,  
People are dancing, and they are getting so pumped.

During the concert, the cameras are flashing  
And the fans are singing along.  
During the concert, the fans are jumping and  
Dancing to their favorite songs.

In the front row, the bass is stronger,  
The music is louder and the crowd is hotter.  
In the front row, the sweat drips on you,  
The singers notice you and the pictures come out the best.
